Register maps

The address contract: the TStat Modbus register map, the BACnet points each T3 model publishes, and the registers that configure a WireGuard tunnel.

Contents

- Reading a register map
- TStat registers, part 1
- TStat registers, part 2
- TStat registers, part 3
- TStat registers, part 4
- Register notes and model tables
- BACnet points by controller
- WireGuard Modbus Register Map
